**Congressional Convention.**—The Democrats of the 10th Congressional District will hold a Convention at Kendallville, Noble County, on the 29th day of June next, to nominate a candidate for Congress.

It is suggested that nominations for State Senator and Judge of the Court of Common Pleas might also be made at the same time and place, for Districts within this Congressional District; and that provision be made for such nominations in the appointment of delegates.

By order of Congressional Committee.

S. E. ALVORD, Chairman.

May 22, 1860.

## Fort Wayne Sentinel.

SATERDAY, JUNE 16, 1860.

**County Convention.**—Our Democratic County Convention was held at the Court House on Saturday last, the proceedings of which are reported at length on our first page. The convention was largely attended, every township being represented, there being in addition a large throng of spectators, so that the Court House was uncomfortably crowded, and much noise and confusion was the inevitable result. S. Edall was nominated for Treasurer, J. A. Stratton for Sheriff, M. Jenkinson and G. T. Tice for Representatives, and A. Notestein for County Commissioner. J. W. McArthur was nominated for County Surveyor; there being no opposition, he was nominated by resolution, which owing to the noise and confusion was probably not heard by the Secretaries, as this nomination is omitted in the official account of the preceding page.

The prominent democrats in this city, who have usually been styled the clique, took no part in the proceedings of this convention, and it was attempted to be managed by a few self-constituted directors, who most signally failed in their effort. We believe we speak the sentiments of all good democrats when we protest against any more such experiments, as tending directly to divide us and destroy the party in the county.

Coxcaxie is working hard to finish up business and adjourn on Monday; although a resolution has been introduced extending the session to Wednesday. The H. M. Bill is likely to fail, owing to a disagreement between the two Houses. The Tariff Bill will not probably pass; the Pacific Railroad Bill has been postponed until December next; and the bill for the admission of Kansas is likely to fail in the Senate. With the exception of passing the Appropriation Bill, little or no business of public importance has been done, and we look upon the adjournment as the most decidedly interesting event of the whole session.

Up.—Since the above was in type, we learn that the Senate on Thursday adopted a resolution extending the session until the 23d inst.

**Delegates.**—Hon. Charles Case, M. C. from this district, has written a letter to the Northern Indiana, at Warsaw, declining a re-nomination for Congress. His reasons for this step, he says are mainly private and personal; and while returning his Republican friends the most hearty thanks for their generous support and kind wishes that he should go on, in his name to go before the public, he announces his conclusion to retire from the political field.

Mr. Case, apart from his politics, has made a very useful and respectable member, and he will be missed by his fellow citizens; and without distinction of party, with the most cordial greeting and good wishes for his future success in life.

**The Seceders' Convention.**—The disunion fathers from the Charleston Convention assembled at Richmond on Monday. Some New York secessionists notoriety also presented themselves for admission, but as they could show no credentials, except an appointment by the trustees of the National Democratic Hall in the city of New York, they finally consented to be received as commissioners, and as such were kindly allowed to take a seat, but not to participate in the business. One of them, Col. Baldwin of Syracuse, sought to deliver himself of a speech, explaining the patriotic motives which induced his fellow secessionists to present themselves and their designs to the South, but was rebuked by the negro. Mr. English said:

"Negroes are not only considered the equal of the whitemen (in the Republican State of Massachusetts,) but in many instances his superior; for a negro coming into Massachusetts from another State, even though a fugitive slave can vote in one or two, is a white man, and can vote there from Graman, or any other foreign country, would have to wait seven years before he could vote, thus placing the negro six years ahead of the white man who may happen to have been born on a foreign soil!"

Up.—The Republicans hold a mass convention to-day to nominate candidates for county offices. As is usual with that party, in counties where they are in a minority, they are trying the no-party dodge, and claim to be the especial friends of economy and reform, inviting all parties to unite with them, but with the private understanding that they reserve to themselves the party which has always sustained them in their rights and privileges, and sought to keep them on an equality with other citizens.

The Great Tornado.—Still Further Reports from Iowa.—The hurricane which swept along the Mississippi, on the Iowa side, on Sunday evening, the 3d instant, extended, says the Chicago Tribune, of yesterday, over the space of four hundred and fifty miles, without diminution of force, smiting towns, farms and forests to the very surface of the earth with the violence of a battery of a thousand guns. Indeed, the arts of civilized man are inadequate to the work of destruction accomplished by the hurricane during any single minute of its duration, when it had any thing more than the solid earth to work upon. Whole forests were crushed in an instant, and respectable streams of water literally scooped out by the mighty tempest.

The course of the tornado is now traced from Fort Dodge, Webster County, Iowa, more than two hundred miles west of the Mississippi River, to the north-eastern corner of Ottawa County, Michigan.

**Fire!**—On Saturday noon last, the rear of the rear portion of J. Cuthill's station was discovered to be on fire. Abundant and efficient aid was promptly rendered by the fire companies and citizens, the progress of the flames soon arrested. The fire was chiefly on the under side of the roof, beneath the shingles, rendering it somewhat difficult to get at; but the active labor and judgment of the firemen and others engaged speedily quenched the fire, and prevented a spread of the devouring element.

Up.—Gen. JESSE, the oldest general in the U. S. Army, died in Washington City, on Monday last, at a very advanced age. It is said Gen. A. S. Johnson will be appointed to succeed Gen. J. S. Johnson as Quartermaster General of the army.

**Ice Cream.**—H. H. Bickles has converted the room under Cuthill's Hall, into a very neat and comfortable Ice Cream Saloon, and is prepared to furnish that luxury in the highest perfection to all who favor him with a call. He also keeps Soda Water, Lemonade, Fruits, Confectionaries, and other refreshments and Luxuries, and certainly deserves a fair share of public support.

He has favored us with a liberal sample of his Ice Cream, and we feel justified in pronouncing it a very superior article.

Washington, Saturday, June 9.—The Senate Committee on Finance met to-day, but took no action on the tariff. They adjourned till to-morrow, when the subject will be discussed, as Mr. Hunter has promised his friends to reach some decision on Wednesday, and report the same to the Senate. The present purpose is to move a postponement of the tariff till Monday. A trial trip is to be made to-day.

Up.—We return thanks to Mr. N. Briatt for a present of wild strawberries, gathered on his farm, three miles west of the city. They are the largest and sweetest wild strawberries we have seen, of delicious flavor, and fully equal to the ordinary cultivated fruit.

**A Kentuckian in Luck.**—Some persons doubt that large prizes are ever drawn in Lotteries, but the following certificate, with name and residence, is too plain to be doubted, even by the most skeptical:

BEDFORDVILLE, MARION Co., Ky., April 20, 1860.

This certifies that I have, this day, received of the agent, the full amount in gold, of the highest capital prize of \$24,000, drawn at Wilton, Delaware, March 9th, 1860, in Wool, Eddy & Co.'s "Delaware State Lotteries," in class 18; and that full permission is hereby given by me to publish my name and residence.

JOHN AVRITTE.

Part or whole tickets can be obtained by enclosing to Wood, Eddy & Co., at Wilmington, Delaware, or St. Louis, Missouri, \$2.50 \$5.00, \$10.00 or \$20.00, and the printed drawing certificate by the Commissioner, will be sent to you with an explanation.

Missouri Money is now received in our bank only at a discount of 2 per cent. The great influx of this money among us has rendered the increase necessary, and it will have the effect of increasing the sum of money to be expended on the part of the state in regard to its naval and military force, and making other contributions for the same, and increasing the expense of the census and appearance of the state in the national market.

The price of a quarter is to be \$2.00, and the number limited to 175, that being a sum equal, and can receive with perfect confidence as can be satisfactorily settled in the bank and security.

dining room of the Rockhill House. Those who intend participating are therefore desired to notify the committee, and secure their tickets early.

The proceedings of the meeting will be found in another column.

**Auditor's Report.**—We refer our readers to the clear and able report of Mr. Furste, our County Auditor, which will be found in another column. It gives a full and distinct view of the financial affairs of the county, and shows the gratifying fact that the county is not only out of debt, but has a handsome surplus in cash in the treasury. To bring about this desirable result, the rate of taxes has necessarily been heavy; but now that we are free from debt the taxes will be reduced, and the expenditures being on a cash basis will be less than heretofore, as every one doing work for the county will do it cheaper than he would if payment was to be made in County Orders at a heavy discount. We trust a brighter era has now dawned upon the county, and that hereafter no cause will remain to murmur at the weight of taxation. Much complaint has been made against the county officers for extravagance and bad management, and these complaints have been industriously circulated and magnified by interested parties for political effect. We do not seek to screen these functionaries from any blame which justly attaches to them, and are willing to admit that their country affairs have not on all occasions been prudently or economically managed. It has always been the case, and probably to some extent always will be, unless the present system should be changed, that the system is not the man, but the man is in the fault. For years past the Whigs were in power in this county, it is well known to our older citizens that masters were much worse now, and that not only were the means of the county wasted, but we were heavily loaded with a debt which drained our resources for years afterwards to liquidate.

**NINTH DISTRICT.**—The Republican Congressional District Convention, held at Plymouth on Wednesday last, renominated Schuyler Colfax for Congress by acclamation. The convention is represented as very large and enthusiastic.

Up.—The New Hampshire Legislature has re-elected Hon. DANIEL CLARK, Republican, to the U. S. Senate.

**Second District Nomination.**—The Democrats of the 2d district have unanimously nominated Gen. James A. Craven of Washington Co., to represent them in the next congress. Dr. Sherard, who had been spoken of for nomination withdrew his name from before the convention, and M. English we believe was not a candidate for re-election.

**FOR BALTIMORE.**—Pliny Hoagland Esq., of this city, and Dr. G. W. McConnell of Steubenville, were elected to the House on Wednesday last, to represent the 10th district. Dr. McConnell was nominated for Treasurer, J. A. Stratton for Sheriff, M. Jenkinson and G. Tice for Representatives, and A. Notestein for County Commissioner. J. W. McArthur was nominated for County Surveyor; there being no opposition, he was nominated by resolution, which owing to the noise and confusion was probably not heard by the Secretaries, as this nomination is omitted in the official account of the preceding page.

Up.—Committee on Reception.—Gen. Edall, Col. G. W. Ewing, Hugh McCulloch, Allen Hamilton, S. H. Williams, F. Hoagland, S. N. Noy, John Cochrane, J. Humphrey, A. P. Edgeton, O. Bird, M. W. Hubbard, W. SATURDAY, JUNE 10, 1860.

**County Convention.**—On Wednesday County Convention was held at the Court House on Saturday last, the proceedings of which are reported at length on our first page. The convention was largely attended, every township being represented, those being in addition a large throng of lookers on, so that the Court House was uncomfortably crowded, and much noise and confusion was the inevitable result. S. Edalli was nominated for Treasurer, J. A. Stratton for Sheriff, M. Jenkins and C. Treer for Representatives, and A. Naylor for County Commissioner. J. W. McArthur was nominated for County Surveyor; there being no opposition, he was nominated by resolution, which owing to the noise and confusion was probably not heard by the Secretaries, as this nomination is omitted in the official record of the proceedings.

The prominent demerits in this city, who have usually been styled the clique, took no part in the proceedings of this convention, and it was attempted to be managed by a few self-constituted directors, who most signally failed in their efforts. We believe we speak the sentiments of all good democrats when we protest against any such experiments, as tending directly to disorganize and destroy the party in the county.

Concensus is working hard to finish up business and adjourn on Monday; although a resolution has been introduced extending the session to Wednesday. The Homestead Bill is likely to be passed, and the bill for the admission of Kansas is likely to fail in the Senate. With the exception of passing the Appropriation Bills, nothing of public importance has been done, and we look upon the adjournment as the most decided interesting event of the whole session.

On June 7th since the above was in type, we learn that the Senate on Thursday adopted a resolution extending the session until the 28th inst.

**Delegates.**—Hon. Charles Case, M. C. from this district, has written a letter to the Northern Indiana, at Warsaw, declining a nomination for Congress. His reasons for this step, he says are mainly private and personal; and while returning his Republican friends the most heartfelt thanks for their generous support and kind wishes that he should again live his man to go before the public, he announces his conclusion to retire from the political field.

Mr. Case, apart from his politics, has made a very useful and respectable member, and will be welcomed home by his fellow-citizens, without distinction of party, with the most cordial greeting and good wishes for his future success in life.

**The Seaboard's Convention.**—The democratic bolters from the Charleston Convention assembled at Richmond on Monday. Some New York speakers for neutrality also presented themselves for admission, but as they could show no credentials, except an appointment by the trustees of the National Democratic Hall in the city of New York, they finally consented to be received as commissioners, and as such were graciously allowed to take seats, but not to participate in the business. One of them, a Col. Baldwin, of Syracuse, sought to deliver himself of a speech, explaining the patriotic motives which induced his fellow-patriots to present themselves, and their desire to throw off the troubles of the world. He advised the convention to take no action, but to proceed to Baltimore; and finally commenced to speak of the dissolution of the Union, which he was personally called to order, and told that while the South avoided all discussion on that topic, they could not permit others to force it on them. The New York gentleman was allowed to speak as a matter of courtesy, and he was abusing that courtesy. This caused by his new associates, the unfortunate New York sat down and subsided.

The Convention was a magnificent assemblage, and did nothing but resolve to go to Baltimore and seek to claim the seats they vacated at Charleston, in hopes to renew the difficulties they created there, by again insisting on interpolating that southern heretics into the Democratic platform. In both these objects we trust they may be disappointed, and hope the Baltimore Convention will have sufficient sagacity and self-respect to give those worthies distinctly to understand that they have no longer a right in a Democratic Convention.

On Tuesday the Convention adjourned to meet at Baltimore, and to meet again at Richmond on the 21st.

**Old Settlers' Meeting.**—The old settlers of Fort Wayne have held meetings this week, and made arrangements to have a general assembly of all the old pioneers of this region, to take place in this city on the 4th of July. Invitations will be sent to all the old settlers in the Wabash and the Maumee, from Logansport to Maumee City, who are mostly identified with the early history of this city. All persons who have resided here for 20 years or upwards are invited to participate, and to bring their histories with them. The plan proposed is, to have some two or three short addresses, after which the company will adjourn together at the Rockhill House, and there review the memory of days gone by, and relate some prominent events of this early career. In this region they will doubtless have a very interesting time, and enjoy the opportunity of meeting old friends and old neighbors, who are now scattered over the land for centuries.

The price of dinner tickets will be \$2.00, and the number limited to 125, that being as many as can be comfortably seated in the hall.

The proceeds of the meeting will be \$2.00, and the number limited to 125, that being as many as can be comfortably seated in the hall.
